

Josef Materna
Managing Director
MANAG a.s.
Průmyslová zóna Štárlka 909
28002 Kolin

Prague, November 25th

To whom it may concern,

This letter is to confirm that Rockwell Automation s.r.o., Czech Republic has successfully performed couple of projects together with our subcontractor Manag a.s., Kolin in last two years. The scope of supply typically included production of panels, control cabinets, wiring, installation, start up, on site support.

Both Rockwell Automation and the ultimate end users in different countries were satisfied with the performance and the services provided by Manag a.s.

Yours truly,

Jiří Vepřek
Sales Manager
Eastern Europe
